

FOR IMMEDIATE RELEASE:

RANSOHOFF INTRODUCES THE MEGA JET PRESSURE BLAST FOR LARGE PART CLEANING APPLICATIONS

July 14, 2017 – Cincinnati, OH

Ransohoff, a division of Cleaning Technologies Group LLC, has introduced its Mega Jet Pressure Blast; an economical manual high-pressure spray washer for very large, heavy parts where floor space comes at a premium. The parts can be loaded with an overhead hoist crane on to a rotating table. The innovative solution delivery system has proven to be ideal for intricate details on machined parts.

The Mega Jet Pressure Blast is contained in a stainless-steel housing with the robust construction that Ransohoff is known for. It's unique cleaning process provides high pressure spray impingement manipulated by hand to the various geometries of the parts. The Mega Jet Pressure Blast has a work envelope of 48" high and a 24" diameter. Some typical applications for this machine can include: large gears, large aviation components, large molds and large dunnage parts.
