

## Press Release

### **CTG Announces Shipment of First RB-2 Built at Suzhou, China Facility**

***September 2009***

***Cleaning Technologies Group is pleased to announce the successful shipment of the first, LeanJet RB-2 parts washer, which was completely constructed and commissioned in our Suzhou, China facility. Designed to fit into your work cell area or a smaller production environment, the LeanJet RB-2 immersion cleaning system uses our patented washing and rinsing process of agitation, spray impingement, rotation, hydraulic purging through immersion, and heated blow-off drying.***

***The patented "triple action" batch cleaning process of the LeanJet RB-2 was developed specifically to process a broad range of challenging parts, especially those with internal bores and passages. Originally designed specifically for the Aerospace and Medical industries, the RB-2 is a perfect fit for any precision cleaning application.***

***Keeping the need for spare parts in mind, the Chinese model was built using components that are readily available in China.***

***The new CTG Asia facility in Suzhou, formally announced in May of this year, houses a state of the art Technical Center, including a Clean Room with all equipment and instrumentation necessary for high level cleanliness analysis and Process Development and Verification. A variety of standard parts washers are available in the Technical Center for parts testing and customer demonstrations.***

[Cleaning Technologies Group, LLC](#) is a world leader in providing innovative cleaning and waste minimization technologies to precision and industrial manufacturing markets. CTG is comprised of Ransohoff located in Cincinnati, Ohio, and Blackstone-NEY Ultrasonics located in Jamestown, New York, and now CTG Asia located in Suzhou, China. The Group is the premier provider of high technology, environmentally friendly parts-cleaning and waste-minimization equipment and services to the global marketplace. CTG LLC is a wholly owned subsidiary of NM Group Global, LLC.

[NM Group Global LLC](#) is a holding company for a growing group of manufacturing firms with a global reach for sourcing and marketing. Founded in 2002 with the purchase of National Machinery LLC, the original holding company, and world leader in the development and manufacture of cold forming machines, process technology, and aftermarket services. National Machinery, founded in 1874, is headquartered in Tiffin, Ohio with service centers and sales offices throughout the world.

NM Group Global is distinguished by its ability to be acquisitive by having a private equity affiliate, Alpha Capital Partners Ltd. Alpha Capital, founded in 1984, is a private equity investment firm which provides equity financing for promising growth businesses and for buyouts or recapitalization of established companies. Currently Alpha Capital manages over \$135,000,000 through its capital partnerships and other equity accounts.
